Attachments: Stakeholder 2021.6.7.21 edit.pptx

Hi Francesca. Liz may not be able to get more info, and it sounds like it may show up on calendars with little notice.

How about providing a general overview, like what you presented for the Stakeholder meeting (attached)? It's too many slides for a short meeting, but he seems like a reader and it would give him background before the meeting.

Hi Mary

I think this is a follow up to your conversation last week. I will ask about more specifics but all he said was a brief background conversation on scientific integrity.

Liz

Hello again, Liz. Can you provide any more intel on this meeting with Jon Monger? I thought Francesca might have heard something but she hasn't either.

We (Francesca, Wayne, Chris F and I) met with Jon Monger last week, specifically on the 2019 Annual Report but it was a broader discussion. There are a range of different ways to frame the discussion, not necessarily using slides.

Thank you!

Hi Mary and Kacee

Jon Monger, Assistant Deputy Administrator, requested a brief background conversation on scientific integrity this week. Can you please send us slides at your earliest convenience so that the IOAA can take a quick peek before the briefing. I presume it will be Chris F, Wayne, Bruce, the two of you, and Francesca. I hope that Francesca already has basic background slides so this won't be a heavy lift but I do apologize for the quick turn around.

Thank you!

Liz
